DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. **Claims 5-10 are allowed.**

Claim 5 is limited to a *broadband line driver*. This claim as currently amended was indicated as allowable over the cited prior art in both the Non-Final and Final office actions dated 25 August 2004 and 28 March 2005, respectively. In review, the primary reference relied upon (US Patent 5,038,375; herein Sinberg) discloses a circuit arrangement including a differential amplifier A1 that is coupled to a single input by way of impedance Z_2 . The amplifier A1 also has only one output. This is in contrast to the claim recitations of the *amplifying device having...a first and a second device output terminal*. This alone distinguishes the claim from Sinberg. Thus, claim 5 is allowable over Sinberg.

Claims 6-10 are dependent on claim 5, and are allowable over Sinberg for at least the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
